e-Learning PM - *PMBOK® Guide* 5th Edition

Target audience

This e-learning is specifically designed for:
- The project managers who want to learn project management according to PMI® standards (*PMBOK® Guide*).
- The project managers who prepare a PMP® or CAPM® certification

Objectives

After this training, a participant knows the knowledge areas and the project management processes as described in the *PMBOK® Guide* – the global standard established in project management by PMI® (Project Management Institute). This guide is the reference used for PMP® or CAPM® certifications.

Contents

In line with the *PMBOK® Guide* 5th Edition, this e-learning covers the following knowledge areas:

- PM Framework
- Processes and Project Life Cycle
- Integration
- Scope
- Time
- Cost

- Quality
- Human resources
- Communications
- Risk
- Procurement
- Stakeholders

Approach

In this e-learning, theory is completed with practical examples and tests. For efficient guidance, references are made to the *PMBOK® Guide* 5th Edition, so participants know where the detailed knowledge according to PMI® is.

The guideline of this e-learning is interactivity: Participants are deeply involved and have to work on many exercises – the best way to experience and acquire the know-how. In addition, more than 400 tests have been designed to ensure a perfect understanding.

This e-learning sets the quality and the participant sets the speed for the optimal efficiency: It is possible in few days to acquire the knowledge areas and the project management processes as described in the *PMBOK® Guide*.

Your advantage

- Focus on what you don't know yet
- More than 400 interactive and straight to the point exercises
- Tests to measure how well the knowledge is acquired
- Anywhere, anytime
